

Patient Parking at Valley Medical Center's Main Campus during Construction

To better serve our community and patients, Valley Medical Center's main campus is expanding the North Parking Garage, then building a new medical office building. Garage construction begins February 2017 and will continue through 2018. The office building construction will begin in late 2017. During construction, lot parking parallel to Talbot Road (Lot A) will be greatly reduced. The North Garage will remain open, with intermittent floor closures. The South Tower Garage will be unaffected. All self-parking on campus is free and valet parking is available in three locations.

Places to Park

For hospital appointments, surgery, admitting, Radiation Oncology or the Emergency Department, please:

- valet park M – F, 5 AM – 5 PM for \$2 at hospital main entry
- park in the underground South Tower Garage
- use lot next to hospital

For Medical Arts Center (MAC), please park in the North Garage.

For Talbot Professional Center:

- valet park M – F, 7 AM – 7 PM for free at Talbot building east entrance
- park in the North Garage
- park in lot east of building

For Valley Professional Center, please park in Lot A.

For Northwest Pavilion appointments:

- valet park M – F, 8 AM – 5 PM for free at Northwest Pavilion entrance
- use the west parking lot (Lot D)

Volunteer Shuttle Service

- If you need extra help getting to or from your car, call the Main Information desk at 425.228.3440, ext. 5191: Valley's free, on-campus, volunteer-operated, shuttle service is available weekdays, 8 AM – 4 PM.

Avoiding Construction Delays & Congestion

If you drive east up the hill on 180th/South 43rd Street and your appointment is in the Medical Arts Center, Valley Professional Center, Talbot Professional Center, Olympic Building or Northwest Pavilion: we recommend you turn right onto Davis Ave. S and drive through the tunnel on the right to enter the hospital campus. If you're driving west on SE Carr Road, take the first right after Talbot Road. The road behind the hospital loops around making it easy to get to the Olympic Building/ Northwest Pavilion or enter the North Garage, avoiding the majority of the construction obstacles.
