MEDICAL CENTER

Remarkable things happen here.™

New Patient Information

Welcome to the Children's Therapy Program at Valley Medical Center. Our professional staff provides individual Occupational Therapy, Physical Therapy, and Speech/Language Therapy as well as Nutrition Services. We are here to help *you and your child*, so let us know what we can do for you!!

Your child's appointment has been scheduled for _____

Here is some information you'll need to know:

1. **Please arrive at our center about 15 minutes before your appointment** so you can confirm our registration information. **Patient must be accompanied by a parent or legal guardian.** Also, please have your driver's license or ID, your insurance/medical coverage card and information/referral from your physician if you have any. Any other information you may have that could help us in evaluating your child would also be appreciated. Examples might be your child's school IEP, specialist reports, or therapy reports from other centers.
2. After the evaluation, the therapist(s) will provide you with information about whether or not your child might benefit from therapy, possible goals for therapy, and how many times per week your child might come to therapy.

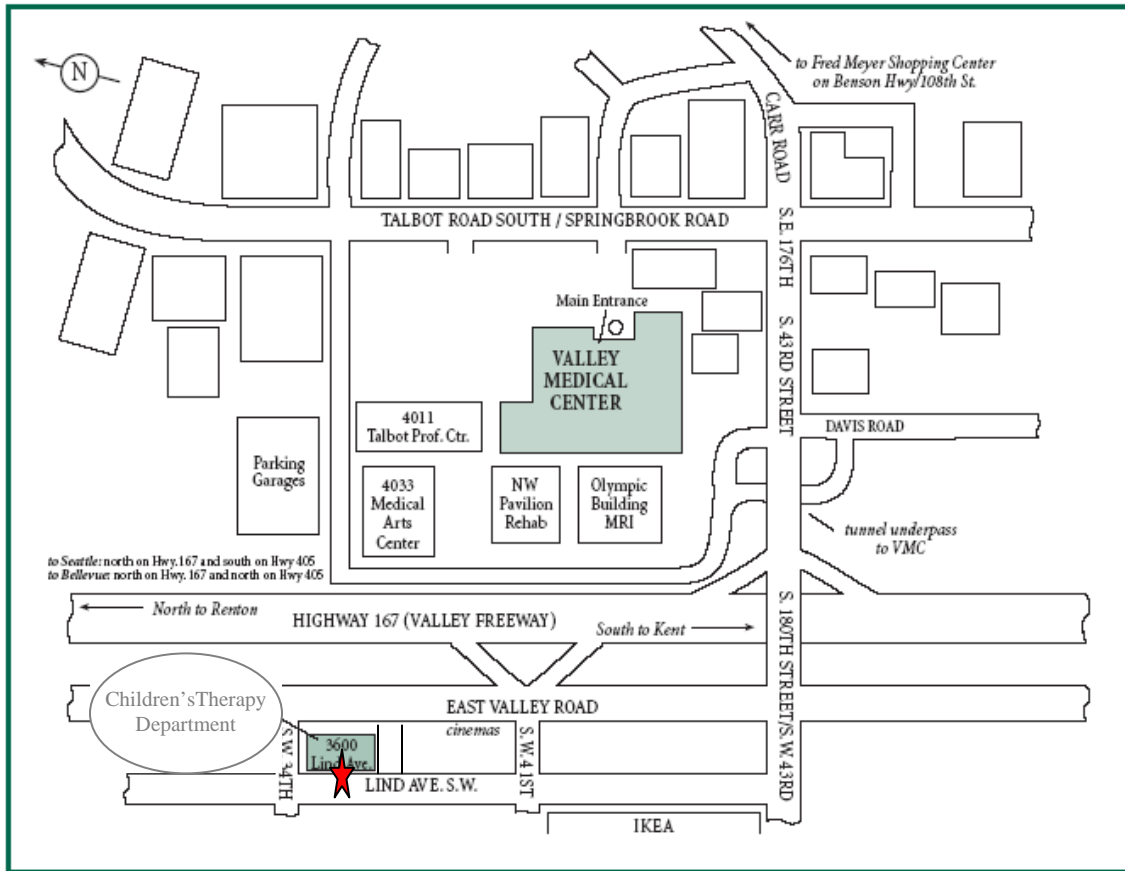

Children's Therapy will electronically fax therapy records directly to your child's Primary Care Provider and/or Specialist from our Medical Records System. Should you, as your child's parent or guardian, wish a copy of a therapy report, you will be able to request one directly from our Medical Records Department by calling them at 425-251-5159. Should there be other parties that you wish to have a copy of your child's report, such as a school district, you are encouraged to provide them with a copy of your report, or to have them contact Medical Records directly.

3. **If for any reason you need to cancel or reschedule your appointment, please allow us a 24-hour notice in advance.**

If you have any questions, or if you need to change your appointment time, please don't hesitate to call us at (425) 656-4215.

We look forward to meeting you!!
