Patient Authorization to Disclose, Release or Obtain Protected Health Information

Minors: A minor patient's signature is required in order to release the following information (1) conditions relating to the minor's reproductive care (2) sexually transmitted diseases *(if age 14 and older)*, (3) alcohol and/or drug abuse and mental health conditions *(if age 13 and older).*

Patient Rights: I understand I do not have to sign this authorization in order to obtain healthcare benefits *(treatment, payment, or enrollment)*. I may revoke this authorization at any time except to the extent already relied upon by sending a request in writing to UW Medicine Compliance Office Box 358049, Seattle, WA 98195. I understand that once the health information I have authorized to be disclosed reaches the noted recipient, that person or organization may re-disclose it, at which time it may no longer be protected under privacy laws.

I understand I have the following rights to:

- Inspect or to receive a copy of my protected health information
- Receive a copy of this signed form
- Refuse to sign this form for authorization to disclose or release my protected health information

I also understand UW Medicine will not base treatment or payment decisions on receipt of this signed authorization, except in these cases: (1) UW Medicine may condition research-related treatment on my signing or my providing an authorization for the use or disclosure of my information for such research **or** (2) UW Medicine may condition the provision of healthcare that is just for the purpose of creating protected health information for disclosure to a third party on my signing or my providing an authorization for the disclosure of the health information to such third party. An example of this is when a non-UW employer contracts with UW Medicine to conduct TB testing for purposes of employee health screening.

This authorization form can be sent to us by mail or by fax (If the patient chooses to accept the risks associated with unencrypted email (that email communications could potentially be read by a third party), the form may be sent by email):

Instructions for Completing

Patient Authorization to Disclose, Release or Obtain Protected Health Information

Item #1 (Patient Information): The name, birthdate, phone number and Medical Record Number (if known) of the patient.

Item #2 (Purpose): indicate any and all purposes for disclosure.

Item #3 (Records to be released from): identify the holder of records to be released are for services provided.

Item #4 (Records to be disclosed to): identify the specific person(s) or class(es) of persons who are to receive the information.

Item #5 (Information to be disclosed - All selections potentially include verbal communication about the records disclosed): choose what information is permitted for disclosure.

- If "Images" box is used, specify type of images.
- The "VERBAL COMMUNICATION ONLY" option can be used to permit conversations with designated person(s) identified in item #4.
- If "Other" box is used, description must be reasonably detailed.

Please be advised that you will be provided a copy of records that were requested and authorized as of the date of the authorization These records will be generated from the Legal Health Record which in some instances involves a hybrid record which may contain some paper as well as data and medical information and treatment records from multiple Electronic health record systems. With the electronic health information being created and generated in real time by multiple users we do our best to ensure the record provided to you contains all the documentation entered by the clinicians involved in the patient's care. If you should feel that you did not receive a complete set of the information requested please feel free to reach out to the Health Information Department

Item #6 (Format for Records): indicate format desired. If both formats are needed, check both boxes.

Item #7 (Expiration): if "Other expiration event" is selected, the event must be one that is related to the patient (example - termination of patient's treatment, patient's death) or to the purpose for the authorization (e.g., if the authorization is for disability determination, the authorization might end when the determination has been finalized). Ordinarily, a specific date is preferable.

Signatures:
In general, a patient age 18 or older has legal authority to sign this form. For patients younger than 18, generally the patient's parent or legal guardian must sign on behalf of the patient. There are many exceptions under Washington State law to these general rules. (Examples – The patient is permitted to sign this form regardless of age for disclosures of patient information related to reproductive health; If the patient is age 14 or older, the patient may authorize disclosure of HIV test results; If the patient is age 13 or older, the patient may authorize disclosure of outpatient mental health treatment.)

For deceased patients, this form may be signed by the patient's surviving spouse or personal representative.

All individuals signing for use or disclosure of medical information on behalf of a patient must state their relationship to the patient and may be required to provide proof of legal authority to permit the use or disclosure of the medical information.

Note:

UW Medicine eCare (http://www.uwmedicineecare.org) is a free, secure and convenient way to access many different types of personal health information in your inpatient or outpatient medical records. This information may include: Current medicines, Allergies, Immunizations (vaccines), Medical history, Test results, Details of your previous clinic visits, Hospital discharge instructions.
