AUG 6	NOV 5
SEP 3	DEC 3

“I had given it my all with a personal trainer three times a week and made a serious effort to eat right, but much to my dismay, I lost only about 10 pounds. Weight loss surgery was the tool that worked for me.”

— Michaela Ahern (surgery date: August 2003)

Free Informational Seminars on Weight Loss Surgery

Join us — 1st Floor, Medical Arts Building

If you've decided that weight loss surgery may be right for you then our dedicated team can help. We provide nutritional and behavioral support—before and after surgery—to ensure your long-term success. Dr. Alperovich and Dr. Hanafy are caring and experienced bariatric surgeons specializing in gastric bypass and lap banding. The Washington Bariatric and Weight Loss Center also offers non-surgical options for successful weight loss.

Please call 425.656.INFO (4636) to register for a *FREE* informational seminar or to make your first appointment.
