

Gratitude Report

JULY 1, 2021 – JUNE 30, 2022

75 YEARS OF SERVICE

75th Year of Caring for Our Community is Toughest Year Yet

We thought 2020 and 2021 were unprecedented, but 2022 proved to be relentless in its own special way. The lingering shockwaves of health, workforce and financial impacts from the pandemic were profound, forever changing the face of healthcare. The pause in care many took during the pandemic has had far-reaching effects and there is much work to be done to address the health conditions and disparities that are surfacing.

Through it all, glimmers of hope began to emerge for the new day that's dawning. We saw people reconnecting with each other and beginning to re-engage with their health and wellbeing. We worked in earnest to provide core services for our community while community support and donations became more vital than ever before.

It is our hope that our 75th year as Washington's first Public Hospital District is a turning point. A moment for us to reflect on how far we've come and to redefine how healthcare is delivered, so we can continue caring for our community like family for generations to come.

With tremendous gratitude,

**Jeannine Erickson Grinnell, Chief Executive Officer
& Superintendent of PHD No. 1**

**Erin Aboudara, President, Valley Board of Commissioners
Bernie Dochnahl, Interim Chair, Board of Trustees**

About Valley Medical Center

As we acknowledge Valley's beginnings as a community hospital, we celebrate the many ways we have grown to serve. With a current focus on preventive care to address our area's most serious and chronic health concerns, in the last two decades Valley has created a robust clinic network—improving our community's access to much-needed healthcare throughout the hospital district.

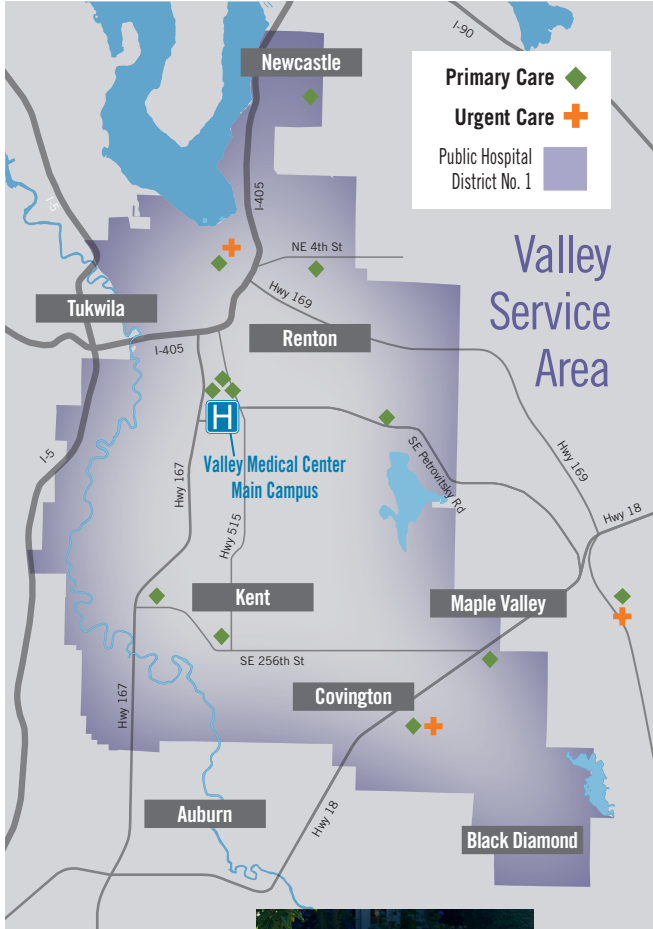

- 341 hospital beds
- 50 primary, urgent and specialty care clinics
- Level III Trauma Center
- 600K+ residents within our service area

Tribute program

Valley's Tribute Program provides a meaningful way to honor remarkable individuals who have passed away, clinics and teams no longer operating, and notable people and events in Valley's history. Located in the Healing Garden on Valley's main campus, the Tribute structure recognizes the positive contributions of the honorees and their efforts to care for our community like family. Thanks to generous community support, donations are reinvested in the Healing Garden to enhance this peaceful space for all to enjoy for years to come.

From ED to imaging and surgery, amazing care everywhere

He hoped he would get better on his own, but after five days Brannon's stomach felt like "something was stuck, like a rock." An urgent care ultrasound confirmed he needed emergency care for his appendix. Encouraged by a friend to go Valley rather than a closer hospital, Brannon was impressed with the ED's modern facilities and efficient triage. Within five minutes his blood was drawn and the care trajectory was established—his appendix needed removal. "I interacted with more than a dozen people and I could tell how experienced everyone was: answering my questions before I even asked, kind, understanding, and concerned about my comfort. Amazing care. I'd absolutely recommend Valley to my friends and family."

"I COME FROM A FAMILY IN THE MEDICAL FIELD AND HAVE BEEN EXPOSED TO MANY HOSPITALS. VALLEY HAS THE BEST PROFESSIONALISM AND QUALITY OF CARE THAT I'VE SEEN OF ANY ON THE WEST COAST."

"Valley made a hard journey easier"

Thankful for her remarkable outcome after a serious breast cancer diagnosis last year and treatment where she experienced "more caring people in one place" than she'd ever imagined, Debbie hosted a cancer-focused fundraiser at her ranch to support others navigating cancer at Valley.

First patients, then volunteers, now legacy gift donors

"Valley has made our lives better," says Terry Wissinger. "We're part of the Valley family." After retirement in 2016, he and his wife Karen became Valley patients, pleased with the atmosphere, responsive staff and medical technology. Soon the Wissingers were among the first to volunteer for Valley's new therapy dog program with Clover and

Ellie, offering patients and staff stress-relief unique to canine caregiving. Believers in paying it forward, they will support Valley into the future with a legacy gift. "It's difficult for a community hospital to find funding for

special things beyond day-to-day operations. With our gift, we're hoping to provide some extra comforts," says Karen.

Estate planning is an excellent way to leave a legacy by supporting the charitable causes you believe in, like Valley Medical Center.

Our remarkable caregivers

Every Valley staff person commits to their role as a caregiver, whether directly caring for patients or as support through food and environmental services, technology and more. Your donation to our Thank a Caregiver program, in honor of any Valley staff member or friend of Valley, allows you to give lasting recognition to someone who has delivered or received outstanding care. And, for an added donation, the person you are recognizing will receive a blown glass heart delivered with your message of thanks—a lasting and personal symbol of your appreciation.

YOUR SUPPORT IS NEEDED

Help us continue to meet
the needs of our community.

Valley continually works to care for our community by improving access to care and optimizing and expanding vital programs and services. Now, more than ever, we need your support in this effort. Your gift will help ensure we can adapt and grow to meet emerging needs and allow us to better serve the residents who call South King County home.

Visit valleymed.org/vmccares to learn more about areas in need of support and methods of giving or contact Carrie Murayama, Development Officer, at 425.690.5956 or via email carrie_murayama@valleymed.org.

Your gift in support of Valley is tax deductible. Valley Medical Center, also known as Public Hospital District No. 1 of King County, is a 501(c)(3) organization. All gifts are tax-deductible to the full extent of the law. Our federal tax identification number is 91-6000986. © 2022 VMC (Rev 10/22) VMC-00069
