Valley Medical Center Billing and Payment Procedures

Valley Medical Center (VMC) Hospital and Clinic Network would like to provide a clear understanding of what can be expected through the billing process.

If you have any questions or would like to learn more, please visit valleymed.org/patients or call Patient Financial Services – Customer Service at **425.690.3578 option 5**.

Cost of Care

Upon request, VMC will work with your insurance company to provide a general idea of what your out-of-pocket expense might be for most services. Please contact your provider's office for procedural information and then visit valleymed.org/estimate or call **425.656.5599** to speak to a Financial Advocate.

Submitting a Claim

Before you receive a bill, VMC will bill your medical insurance(s) for services provided. It will take most insurance companies an average of 70 days to process a claim. If you also have secondary insurance, we will submit a claim to them once payment is received from the primary insurance. It will typically take a secondary payor the same amount of time or longer to process a claim.

You can expect to receive a statement if there is any remaining balance after your insurance(s) have responded with their coverage information or payment.

Expecting a baby? Before delivery, ask your insurer how to enroll your baby.

Payment Discount

VMC has negotiated a special rate (allowable) with your insurance plan for the services provided to you. Co-insurance amounts that you are responsible to pay are based on those lower negotiated rates.

VMC offers a discount to qualifying hospital district homeowners for that out-of-pocket amount.

Valley Dividend Program – Do you live in the VMC hospital district? A credit to homeowners within the King County Public Hospital District No. 1 may be available. This credit is based on your tax dollars paid to the hospital district. To find out if you qualify for this program, visit valleymed.org/valleydividend or call Patient Financial Services – Customer Service.

If after receiving your statement, you are unable to pay your bill in full and would like to take advantage of our Dividend Program discount or other payment plan options, please call Patient Financial Services – Customer Service to discuss additional help, including our financial assistance program.

Bills from Other Providers

Many doctors, ambulance companies, labs and durable medical equipment companies are separate businesses with their own billing and accounting procedures.
