## VALLEY MEDICAL CENTER

Remarkable things happen here.™

Valley Medical Center (VMC) is a 341-bed acute care hospital and clinic network committed to providing safe, quality, compassionate care since 1947. The oldest and largest public district hospital in the State of Washington, VMC proudly serves more than 600,000 residents in South King County.

Dedicated to patient safety and improving the overall health of the community, VMC is a thriving medical center and the largest nonprofit healthcare provider between Seattle and Tacoma. Valley Medical Center is a component entity of UW Medicine, which includes Harborview Medical Center, Northwest Hospital & Medical Center, UW Medical Center, UW Neighborhood Clinics, UW Physicians, UW School of Medicine and Airlift Northwest.

The Valley Medical Center Clinic Network is comprised of primary care clinics that serve as a medical home for care management, urgent care clinics which provide a safety net of after-hours care and walk-in consult and treatment, and more than 50 specialty clinics that provide convenient access throughout the district.

## Primary Care: Partners for Health & Wellness

Valley Medical Center's primary care providers serve as personal health advocates for our patients. Primary providers work with patients to monitor and improve health through all of life's stages, and coordinate care with specialty physicians as needed. We are proud to offer a dozen primary care clinics, including:

- Cascade Clinic
- Covington Clinic South
- Fairwood Clinic
- Highlands Clinic
- Internal Medicine Clinic
- Kent Clinic
- Kent Station Clinic
- Lake Sawyer Clinic
- Maple Valley Clinic
- Newcastle Clinic
- Renton Landing Clinic
- Senior Care Clinic
- Valley Family Medicine Clinic

## + Urgent Care: Walk-in Medical Services

VMC's Urgent Care eliminates the wait and expense of the ER for ailments that aren't life-threatening. Patients enjoy the convenience of walk-in appointments and after-hours care for acute illness, minor injuries and other services in one of our three locations:

- + Covington Clinic South
- + Maple Valley Clinic
- + Renton Landing Clinic

## Specialty Care: Extensive Network of Specialists

VMC offers a comprehensive network of board-certified specialists to meet the healthcare needs of your entire family. From digital mammograms to sleep studies, and ophthalmology to neurology, we've got you covered. Specialty services include:
