---

**COVID Booster for ages 5 – 11**

COVID booster shots are now available for children ages 5 through 11. These shots help protect children from severe illness and can help bring us closer to achieving herd immunity. Call 425.690.5955 for more information or to schedule an appointment.

**COVID Booster for ages 12 – 18**

COVID booster shots are now available for children ages 12 through 18. These shots help protect children from severe illness and can help bring us closer to achieving herd immunity. Call 425.690.5955 for more information or to schedule an appointment.

---

**Measles, Mumps, Rubella**

You may have an opportunity to receive Measles, Mumps, and Rubella vaccines, and other childhood vaccines, during your doctor's visit. If you have questions or for more information, call 425.228.3450.

**National Volunteer Week**

May 22-28 is National Volunteer Week. We thank all of our volunteers for their dedication and hard work. Your contributions make a significant impact on our community.

---

**Monkeypox**

Contact with someone with monkeypox can result in infection. Avoid contact with others, even if they don't think they had monkeypox. If you have symptoms, talk to your healthcare provider immediately.

**Pride Flag**

Valley Proudly Raises the Pride Flag at noon on June 11, 2023. We are committed to creating an inclusive environment where everyone feels welcome and valued.

---

**Unusual Flare-Up?**

Have you had an unusual flare-up? Until the origin of the flare-up is found, it is assumed to be caused by a systemic disease or infection, or it may be triggered by an allergic reaction. The cause should be treated to prevent further complications.
