## What is The BEE Award?

The BEE award celebrates and honors the exceptional skills and compassion given by our non-nursing staff every day. It stands for **Being Exceptional Everyday** and acknowledges the strength behind teamwork—because a DAISY can't survive without a BEE and a BEE can't survive without a DAISY. Valley Medical Center is proud to be a DAISY & BEE award partner, recognizing our nurses and non-nursing staff with these special honors quarterly.

## About The DAISY Foundation

The DAISY Foundation was established in 1999 by the family of J. Patrick Barnes, who died of complications from the auto-immune disease, Idiopathic Thrombocytopenia Purpura (ITP), at the age of 33. During Pat's eight-week hospitalization, his family was awestruck by the care and compassion his nurses provided—not only to Pat, but to everyone in his family. To honor Patrick's memory and the extraordinary nursing care he received, his family created The DAISY Foundation.
