

PANDEMIC IMPACT STUDY: Parents of children with/without disabilities

Has COVID-19 impacted your child's education?

Are you a parent of children between 0 and 5 years old with/without disabilities in Washington state? We want to hear your experiences regarding how COVID-19 has impacted your family and your child's education and services!

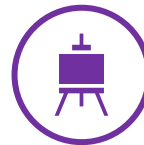

Goal of the Project

This project aims to understand the impact of COVID-19 pandemic for services and education your child receives.

We are looking for:

- Parents of 0-3 years old children who have been receiving Part C/Early Intervention/home-based intervention services since Fall 2019.
- Parents of 3-5 years old children with/without disabilities attending classroom-based instructions since Fall 2019.

What to Expect

WHAT: If you qualify to participate, you will complete an interview about your experiences during the pandemic. Interview will last 45-60 minutes. You will receive a \$40 gift card for compensation.

HOW: If you are interested, complete the screener (click [link here](#) or scan QR code below).

WHERE: All interviews will be conducted virtually.
