Seattle Children's Hospital is looking for children with cerebral palsy under the age of 3 to participate in a survey about feeding. Researchers would come to you in your home! If you are interested, please contact Kristie.Bjornson@seattlechildrens.org.

Learn more and participate in the survey. Responses are voluntary and anonymous, and the survey will be conducted online and will take about 20 minutes.

Did You Know Adaptive Clothing is Now Available at Target? The DailyLeader.com in a survey found that parents were interested in adaptive clothing for their children with special needs. Target has responded by launching a line of adaptive clothing that includes options like flat sleeves, abdomen access, and many others. Available features include puffy jackets, leggings and bodysuits. This line is designed to make it easier for children with special needs to wear clothes that fit their needs.

How Much Does It Cost to Feed a Child with a Feeding Disorder? Our mission is to ensure that all children and adults with Autism Spectrum Disorders (ASD) have access to the services they need to lead healthy and productive lives. We do this by helping families access ASD and DD health insurance benefits, effective services in schools, and supportive community-based services, regardless of their personal financial situation. "If you are a member, they will provide you with the information you need to get started. If you are not a member, they will give you the information you need to become a member.

Would Your Child with Autism Appreciate a Birthday Card? Sign Up to be a Member of Washington Autism Alliance and Advocacy. Is your child naturally self-confident or a little bit timid? Toria Fredericks, co-founder of The Step Stool Chef and mother of an 8-year-old boy, shares seven strategies for parents about how to help their children develop leadership skills and confidence. We connect families with the resources they need to succeed in school and in life.
