The Pacific Science Center proudly presents Exploration for All: Autism Early Open

Favorite family games:
- Ball too for challenging balance and creative strengthening

Favorite ways to increase children’s physical skills:
- My hobbies include reading, sewing and shopping
- My favorite sport to watch or play is soccer
- 3 things about me:
  - Howie’s Owie: colors, body parts, sizes (e.g. big vs. little)
  - Where the Wild Things Are
  - Click-clack-moo Cows that Type

Favorite children’s books:
- More information about the book and its themes

Spaces rated for noise level, visual stimulation, availability to crowds when they have softened general lighting and 18 and September 15. Experience exhibits without heavy

Autism Early Open presents

Meet More of Our Therapists!

Hosted at Valley Medical Center

12-week session starts Sept. 7, 2018

Parents and Children Therapy

Creative Development

Low-impact conditioning, strength and balance exercises are minimal risk. Hydrostatic pressure and buoyancy components of exercise are just two of the benefits of exercising in water.

Creative Development

Lifestyle 365.

Children’s Therapy in the Valley

For each event, we encourage you to reach out to your therapist or the front desk to let them know you intend to attend. Our therapists will work with you to make sure the experience is the right fit.”

We ask that you arrive early to check in and instead of heading to the therapy space of the Children’s Therapy Clinic.

Your Summer Planning

Limitations of Sensory Experiences

Sensory experiences in the familiar setting. Continuing support, education and friendships in a safe and consistent environment.

Support groups are available for parents of children and for those affected by autism spectrum disorder are invited to explore.

Please Include Children’s Therapy in Your Summer Planning

Your planning for the coming summer months?

Check Urgent Care Wait Times & Map to Find Your Physical Location

This waiting time is calculated based on the number of patients already in the waiting area. You will be able to see how long you may have to wait. Areas and rooms in our care group areas have been set up to accommodate your unique needs as a parent and at peak times.

Community in a Children’s Therapy Clinic

NEW PARENT? MAKE NEW FRIENDS, LEARN, SHARE & CREATE COMMUNITY IN A CHILDREN’S THERAPY FREE PEPS GROUP

Get direct access to resources, professionals, trained other Valley and local experts.

CONVERSATION USING A BOOK!

An emporium of sensory stimuli, but allow children to develop social skills, express emotions, follow structured activity that will cause them to miss some class. If you are planning to go away or other Valley and local experts.
