

Children's Therapy Emergency Information

In case of snow, ice or earthquake events, please call Children's Therapy at **425.690.3513** for the latest information about clinic closures.

Messages will be updated throughout the day as conditions change. If that line is down, please call Rehabilitation Services at **425.690.3650**.

In case of a potential flood event, please call Children's Therapy at **425.690.3513** for the latest information about clinic closure. Messages will be updated throughout the day as conditions change. If that line is down, please call Rehabilitation Services at **425.690.3650**.

In case of a flood emergency, Children's Therapy will be closed. Please call Children's Therapy at **425.690.3513** for the latest information about clinic closure. Messages will be updated as conditions change. If that line is down, please call Rehabilitation Services at **425.690.3650**.

Should an emergency evacuation be necessary, children unaccompanied by a parent or guardian will have names recorded, be evacuated and transported to safety at Valley Medical Center's main campus in the Medical Arts Center, First Floor Conference Center, 4033 Talbot Road S., Renton, WA 98058. Bring your photo ID to the VMC campus or nearest accessible checkpoint and your child will be released to your care. For safety reasons, parents should not try to access the Lind Avenue location.

Please call Children's Therapy at **425.690.3513** or Rehabilitation Services at **425.690.3650** for the latest emergency information about weather-related clinic closure and evacuation.
