

# Specialty Pharmacy Drug List

October 2021

**Valley Medical Center (VMC) Specialty Pharmacy** provides comprehensive services to patients and staff receiving specialty medications.

*Specialty Medications* are oral or injectable medications that are used to treat complex, chronic conditions. These medications are often high cost, hard to find, have specific shipping/handling requirements, and need ongoing patient care management. This Specialty Pharmacy Drug List is a guide of medications available through VMC Specialty Pharmacy and will be updated each quarter.
